

Medication Review | Client Consent & Acknowledgment | The On Point Practice

Client Name: _____

Date: _____

Purpose of the Medication Review

The Comprehensive Medication Review is an **educational service** designed to help you better understand your current medications and prepare for more informed conversations with your prescribing provider.

This service is **not a medical evaluation** and does not replace care from a licensed medical provider.

About Your Reviewer

Eric R. Dehner, PharmD | Licensed, Board Certified Clinical Pharmacist | Comprehensive Medication Review Specialist

Eric R. Dehner is a Clinical Pharmacist with extensive experience in medication management across a range of healthcare settings. He earned his Doctorate in Pharmacy (PharmD) from the University of the Pacific and completed residency training at Desert Regional Medical Center. He has supported thousands of individuals in optimizing their medication and health regimens through his work with major health systems, including UC San Diego Health, Sharp HealthCare, St. Joseph's Health, and Kaiser Permanente.

At The On Point Practice, Eric specializes in Comprehensive Medication Reviews, helping clients identify potential drug interactions, duplications, and side effects that may impact physical health, mood, cognition, and overall well-being. Eric provides this service in an **educational capacity only** and is not acting as your treating medical provider.

What to Expect

- Appointments are conducted **by phone** and typically last **30 minutes**
- You will be asked to have all current medication bottles available during the call
- The review will include:
 - Medication names, dosages, and frequency
 - General education about how medications are commonly used
 - Identification of questions and considerations for your provider

At the end of the appointment, you will leave with **personalized key questions and insights** to bring to your prescribing provider.

Important Limitations

By participating in this service, you understand that:

- This review is **for educational purposes only**
- No changes to medications will be made during this appointment
- Any decisions about starting, stopping, or changing medications must be made **with your prescribing medical provider**

Your Responsibility

You agree to:

- Provide accurate and complete information about your medications
- Consult your prescribing provider before making any changes
- Use the information from this review as a **supplement to—not a replacement for—medical care**

Billing

Billing will be conducted through a HIPPA compliant platform called IVY PAY, you will receive a text message within 24 hours before your appointment. A link to provide payment for service will come to your cell, please leave your number below. Failure to make payment will result in cancellation.
